

Fatma Ben Mlouka

Cloud Computing Engineering Student

✉ fatmabenmlouka38@gmail.com  linkedin.com/in/fatma-ben-mlouka

SUMMARY

Second-year Computer Engineering student specialized in Cloud Computing. Passionate about Artificial Intelligence, scalable systems, and cloud-native technologies. Experienced in full-stack development, cloud automation, DevOps practices, and deployment of containerized applications.

EXPERIENCE

AI Intern

07/2025 – 08/2025

Intech Solutions

- Developed an AI-based psychometric assessment platform.
- Designed automated analysis pipelines and integrated AI modules.

Web Development Intern

08/2023 – 09/2023

Intech Solutions

- Developed backend features using Django.

EDUCATION

Computer Engineering Degree

2022 – Present

ESPRIT

- Specialization: Cloud Computing

SKILLS

Cloud & DevOps

Docker, Kubernetes, OpenStack, Terraform, Ansible, CI/CD, Linux

Backend

Spring Boot, Flask, Django, REST APIs

Frontend

Angular, Next.js, JavaFX

Machine Learning

Regression, Clustering, Decision Trees, Pandas, NumPy

Programming Languages

Python, Java, JavaScript, PHP, C#, C, C++

LANGUAGES

Arabic

Native

English

B2

French

B2

VOLUNTEER EXPERIENCE

IEEE RAS ESPRIT SBC

2023 – 2024

Media Manager

- Managed social media platforms and improved event visibility among students.
- Covered workshops, competitions, and conferences through media content creation (photos, videos, highlights).

PROJECTS

FoundersLab
Intelligent Startu
